Success At Senior Athletics Championships

Katy shows off her impressive skills

South Holland Post 16 Centre recently entered three of their year 12 BTEC Sports students in the Senior Athletics Championships and Trials held at Boston Princess Royal Sports Arena. They were competing against all senior students within the county with outstanding results.

Katy Robinson was outstanding and used her skills to gain first place in both the long jump and high jump.

Lloyd Kempson and David De-Sa competed in the 800 metres and gained first and second place, it was a close run race with Lloyd leading all the way, at one point it looked like David was going to take the lead but Lloyd ran the perfect race clearly deserving his first place.

Amanda Halifax who accompanied the students said "I felt very proud to be there supporting the BTEC students and thoroughly enjoyed the day". Unfortunately the event was running late and the students were not presented with their medals on the day, we look forward to seeing them when they arrive.

Lloyd (right) and David battle it out for victory
